* 100 ml ready to feed = 90 ml water + 4 leveled scoops.

NUTRICIA

Fortini

INFANT

Supports catch up growth

Energy nutrient dense feed for infants with or at risk of malnutrition

0-18 months

COMPLETE NUTRITION

MILK BASED WITH IRON AND PREBIOTICS

1.0 KCAL PER ML | **DHA & ARA** | **WITH LACTOSE** | **400g**

PREPARATION:

1. Wash hands thoroughly and clean the preparation area. Sterilise bottles and teats.
2. Boil fresh water for 5 minutes or until an electric kettle switches off. Cool for at least 30 minutes so that it feels warm to the wrist. Pour the required amount of water into a sterilised feeding bottle.
3. Fill the scoop provided with powder and level off with a clean, dry knife. Do not press the powder into the scoop. Only use the scoop provided.
4. Add the prescribed number of scoops of powder to the water. Replace the cap on the bottle and shake until the powder dissolves.
5. Before feeding ensure that the formula is at the correct temperature by placing a few drops on the wrist. Use immediately after reconstitution.
6. Formula remaining in the bottle after two hours of feeding should be discarded. Formula must not be rewarmed during feeding.
7. One level scoop provides 5 g of powder. To prepare 100 ml of feed, put 90 ml of cooled, boiled water in a bottle. Gradually add 4 levelled scoops (20 g approx.) of powder.

Important:
Powdered infant formula is not sterile. Infant formula should be prepared immediately prior to feeding. Do not boil formula and do not use a microwave oven to prepare or warm formula. Dental health warning Good dental hygiene is important for infants and children, as prolonged or frequent contact of drinks and feeds with teeth increases the risk of tooth decay. Make sure their teeth are cleaned after the last feed at night. Ask your Health or Dental Professional for advice.

Bottle feeding instructions:
THE HEALTH OF YOUR INFANT DEPENDS ON CAREFULLY FOLLOWING THE DIRECTIONS FOR PREPARATION AND USE. INCORRECT PREPARATION CAN MAKE YOUR BABY ILL.

At Fortini, we've been researching child growth for 25 years.

To combine essential nutrients in balanced doses, we adapt solutions for different challenges. We provide complete and reliable nutrition.

Food for special medical purposes. For the dietary management of disease related malnutrition and growth failure. Fortini is an energy dense, nutritionally complete powder feed for infants from birth and young children up to 18 months of age (or 9 kg) with growth failure, increased energy requirements and/or fluid restriction. Packaged in a protective atmosphere.

Suggested intake: The quantity of feed and the dilution should be determined by a clinician or dietitian only, and is dependent on age, bodyweight and medical condition of the patient.

Storage: Store in a cool and dry place (not in the refrigerator). Always replace container lid after use. Once opened, use within one month.

Important notice: For enteral use only. Must be used under medical supervision, after full consideration of all the feeding options, including breastfeeding. Suitable as a sole source of nutrition for infants from birth and young children up to 18 months of age (or 9 kg).

INGREDIENTS

VEGETABLE OILS (COCONUT OIL, HIGH OLEIC SUNFLOWER OIL, PALM OIL, RAPESEED OIL, SUNFLOWER OIL) GLUCOSE SYRUP, DEMINERALIZED WHEY (FROM COW'S MILK), SKIMMED COW'S MILK, GALACTO-OLIGOSACCHARIDES (FROM COW'S MILK), WHEY PROTEIN (FROM COW'S MILK), MALTODEXTRIN, FISH OIL, CALCIUM CARBONATE, FRUCTO-OLIGOSACCHARIDES, OIL FROM MORTIERELLA ALPINA, CHOLINE CHLORIDE, SODIUM CITRATE, CALCIUM PHOSPHATE, POTASSIUM CHLORIDE, INOSITOL, SODIUM CHLORIDE, MAGNESIUM HYDROGEN PHOSPHATE, POTASSIUM CITRATE, EMULSIFIERS (SUNFLOWER LECITHIN, SOY LECITHIN), L-ASCORBIC ACID, SODIUM L-ASCORBATE, TAURINE, FERROUS SULPHATE, ZINC SULPHATE, NICOTINAMIDE, CYTIDINE 5'-MONOPHOSPHATE L-CARNITINE, ADENOSINE 5'-MONOPHOSPHATE, DL-α-TOCOPHERYL ACETATE, URIDINE 5'-MONOPHOSPHATE SODIUM SALT, INOSINE 5'-MONOPHOSPHATE SODIUM SALT, CALCIUM D-PANTOTHENATE, GUANOSINE 5'-MONOPHOSPHATE SODIUM SALT, COPPER SULPHATE, DL-α-TOCOPHEROL, THIAMIN HYDROCHLORIDE, RETINYL PALMITATE, RIBOFLAVIN, PYRIDOXINE HYDROCHLORIDE, MANGANESE SULPHATE, PTEROYLMONOGLUTAMIC ACID, POTASSIUM IODIDE, PHYTOMENADIONE, CHROMIUM CHLORIDE, D-BIOTIN, SODIUM MOLYBDATE, CHOLECALCIFEROL, SODIUM SELENITE, CYANOCOBALAMIN.
